

## Beauty Blessing

May the God who reached for the stars and kaleidoscoped beauty across the heavens  
Go with us as we marvel and wonder at the beauty of the universe.

May the Son who saw beauty reflected in the lives of the outcast and the lost  
Go with us as we seek to find the beauty in each person.

May the Spirit who threads beauty and weaves hope through human interaction  
Go with us as we seek to celebrate the beauty of our own community  
In the name of the one who is beauty  
Amen.
