

## Easter Blessing

May the blessing of the God who whispers our name  
in the cool breeze of an Easter garden  
be with us.

May the blessing of the risen Christ who speaks our name out loud  
as we look into the mystery of an empty tomb  
be with us.

May the blessing of the Spirit who inspires us to share our stories  
as we are bathed in the tentative hope of an Easter sunrise  
be with us  
yesterday,  
today  
and into the dreaming  
of our tomorrows.
