

## Entrusting

*Much of our traditional churchy language talks of God in terms of confidence and power. This blessing celebrates that God entrusts a vulnerable hope to the most unlikely of people including us!*

May the blessing of God  
who entrusted his son  
to a teenage mother  
riding on a donkey's back  
Journey with us

May the blessing of the Baby  
born amid the warmth and squalor  
of a cattle stall  
a long way from home  
Shelter us

May the blessing of the Spirit  
who entrusts the most vulnerable  
to a community  
such as this  
Surprise us
