

## Seeds Of God's Love

Its time to go now  
**may we know the warmth of the summer sun.**

Its time to go now  
**may we know the refreshment of the gentle rain.**

Its time to go now  
**may we know the energising of the buffeting breeze.**

Its time to go now  
**may we know the nurturing of this community.**

Its time to go now  
**may we plant the seeds of God's love.**
