

## Tread The Earth Gently

*This was written as part of a series of Sundays we did looking at the theme of our relationship to the earth and using a wonderful "Godly Play" resource called "Fragile Earth" written by Peter Privet. Hence this prayer places great emphasis on listening to God's story and to each other.*

We have listened to God's story  
we have listened to each other  
we have listened to ourselves  
and we have heard God speaking.

Help us as we leave this sacred space  
to tread the earth gently,  
take no more than we need,  
and to live in harmony with the earth.

Help us as we leave this sacred space  
to treat others as we would like to be treated  
to help those who are in need,  
and to live in harmony with one another.
