

Why Do We Come To Church?

We may not always be enthusiastic about going to church. This was written to try and remind ourselves of the reasons we do gather together for worship. This could be read by one voice reading the questions and different voices responding.

Why do we come to church?

We come to meet with God
We come to meet with our neighbours
We come to meet with our friends.

Why do we come to church?

We come to say thank you
We come to say sorry
We come to share how we feel.

Why do we come to church?

We come to sing together
We come to pray together
We come to learn together.

Why do we come to church?

We come to do fun things and laugh
We come to find hope for our community
We come to celebrate all that we can be.

Why do we come to church?

**We come because God loves us
and wants us to love ourselves
to love each other,
to love our community,
to love God's world!**
