

God Calls To Us

This call to worship was written to go with the story of the Good Samaritan but focuses on hearing God's call through the people of our communities.

God calls to us
Through someone who needs our help

God calls to us
Through someone who is lonely

God calls to us
Through a stranger who is new to our community

God calls to us
Through the stories of distant people on our TV screens

God calls to us
Through the beauty of our planet threatened by our actions

So we come to worship
Ready to listen and respond to God's call.
