

## Sophia

*This blessing is dedicated to Revd. Dr. Martin Scott who never used to tire of talking about Sophia, which is of course the Greek word for Wisdom.*

May Sophia bring us to voice as we name signs of hope.

May Sophia strengthen us to discover possibilities and nurture potential.

May Sophia deliver us as we give birth to our dreams.

May Sophia accept our gifts for the future of the earth.

**Blessed be.**

**Blessed be.**
