

Spirit Of The Four Winds

Spirit of the four winds

We thank you for the wind of the South
that fills us with the warmth of your comfort
and encourages us to welcome others.

Fill us with your breath of life.

Spirit of the four winds

We thank you for the wind of the West
that brings rains to refresh and cleanse
and helps us reflect on the endings of life.

Fill us with your breath of life.

Spirit of the four winds

We thank you for the wind of the North
that blows the cob-webs of laziness away
and stirs us up with courage to try new things.

Fill us with your breath of life.

Spirit of the four winds

We thank you for the wind of the East
that brings birth and light and peace
and fills us with hope and dreams for tomorrow.

Fill us with your breath of life.
