

## The Smile On God's Face

Go out  
and be contented  
that this is God's time  
that this is God's place.

Go out  
and be discontented  
that the world shuts its eyes to  
the smile on God's face.

Go out and live  
Go out and love  
Go out and change the world

And know that the God of never-ending growing goes with you.
