

## Confession For The Journey

For the times  
when we have almost given up on the journey  
**Forgive us and keep us strong**

For the times  
when we have been too caught up in our own lives  
**Forgive us and make us aware of others**

For the times  
when we've made the journeys of others more difficult  
**Forgive us and help us make amends**

For the times  
when we have stubbornly gone in the direction we want to go  
**Forgive us and show us a different path**
