

## Dear God...

*Last year Beth's class at school looked at the theme of the Second World War. They even visited one of the local residents who still has an old air raid shelter in her back yard. When we came to Remembrance Sunday Beth offered to write an opening prayer for us. So this "Letter prayer" is included here word for word as Beth, then aged 7, wrote it.*

Dear God

Please help the countries at war and the people affected by fighting.

**We are sorry WW1 began**

Thank you for the women who helped in WW1 and the men who fought.

**We are sorry WW2 began**

It was sad the children had to go, but it was best for them.

**We have Remembrance Day for those who died in WAR!**

Hear our prayer in Jesus' name.
