

## Equality and Diversity

In Christ there is no longer Jew or Greek  
For God delights in many races, cultures and faiths.

In Christ there is no longer slave or free  
For God calls us to care for one another in freedom and equality.

In Christ there is no longer male or female  
For we are all created in God's image.

Look, see the beauty and diversity of God  
mirrored in the faces of those around us.

Look, see the beauty and diversity of God  
mirrored in the faces of humanity across the world.

Look, see the beauty and diversity of God  
transforming us to be all that we can be.
