

## Living And Loving

*In the book of Proverbs we have a wonderful image of Lady Wisdom calling out and searching through the streets. This prayer celebrates where we find Wisdom calling out in the people we meet around the streets of our community.*

The voice of wisdom calls out...  
in the laughter of children  
skipping together in the playground

The voice of wisdom calls out...  
in neighbours greeting one another  
across the backyard wall.

The voice of wisdom calls out...  
in the cheery greeting  
as a son calls in on his widowed mother

The voice of wisdom calls out...  
in the couple holding hands  
as they walk the dog across the park

The voice of wisdom calls out to us...  
through our family and our friends  
in our living and our loving

The voice of wisdom calls out to us...  
through the people we meet  
in our living and our loving

The voice of wisdom calls out to us...  
as we meet together this morning  
in our living and our loving

The voice of wisdom calls out to us...  
as we catch a glimpse of Lady Wisdom  
the living and loving incarnation of God
