

What Do We Do When We Worship?

This was inspired by a service following the lectionary into the book of Revelation where it speaks of a vision of myriads and myriads of people worshipping the lamb on the throne. This is not language that sits comfortably with me but did lead us to ask questions and reflect upon what we are doing when we gather together to worship God.

What do we do when we worship?
We bow with humility in homage to the One
Who encompasses all things and gives life.

What do we do when we worship?
We honour God and each other
For God has created us in God's image.

What do we do when we worship?
We adore the beauty of God's created world
and walk with reverence and respect on the earth.

**So come, let us gather together and offer our worship
To the God who breathes life and beauty
into our world and our community.**
