

Love Rains Down

This is an all age prayer of response which has some simple actions. Invite everyone to join in if they wish and repeat the rain movements and the clapping for each verse. It could go with any watery theme or Biblical story.

When we are tired and grumpy

Make living water rain down *[make rain movements with fingers]*

Pitter patter, pitter patter *[clap hands in rhythm]*

When we are lost and lonely

Make living water rain down *[repeat rain movements]*

Pitter patter, pitter patter *[clap hands]*

When it is hard to make friends

Make living water rain down

Pitter patter, pitter patter

When we can't seem to do anything right

Make living water rain down

Pitter patter, pitter patter

When you seem so far away

Make living water rain down

drenching us with your love *[hugs arms around yourself]*
