

## Prayer Walk

*For all ages - This could be done as a literal walk around your community or by using a neighbourhood map you have created or a detailed street plan.*

*Walk to or describe each place on the map.*

*Take time to think about what the place offers to the community and give thanks for the people that live or work there.*

*Then sing a chant such as Taize's All you who pass this way or Ubi Caritas.*

*Some places might be a bit more challenging to pray for than others.*

*If you are using a drawn map rather than walking you could light tea lights as you think about and pray for each place.*

*Alternatively you could write a blessing/thank you prayer for each place and post it through the door or deliver it.*
