

What Is Wisdom?

What is wisdom?

Wisdom is not wealth
Wisdom is not power
Wisdom is not the mighty tree
Wisdom is not the king's silver service banquet
Wisdom is not the hording of precious jewels
Wisdom is not the trading of another's misfortune.

Wisdom is the valuing of the simple things!

Wisdom is creating community
Wisdom is creating understanding
Wisdom is planting the tiny seed
Wisdom is kneading the yeast through dough
Wisdom is finding the hidden treasure
Wisdom is the valuing of unadorned beauty

For it is here, among the simple, everyday things of this world
That the wisdom of God is found.
