

## You Are Here

*This gentle song is sung to the tune of Kum by yah and celebrates Christ's presence with us.*

When the darkness falls, you are here  
When the darkness falls, you are here  
When the darkness falls, you are here  
Loving God, you are here.

Keep us safe and warm, you are here  
Keep us safe and warm, you are here  
Keep us safe and warm, you are here  
Loving God, you are here.

Quell our deepest fears, you are here  
Quell our deepest fears, you are here  
Quell our deepest fears, you are here  
Loving God, you are here.

Create your dreams in us, you are here  
Create your dreams in us, you are here  
Create your dreams in us, you are here  
Loving God, you are here.

Help us live in peace, you are here  
Help us live in peace, you are here  
Help us live in peace, you are here  
Loving God, you are here.

When the darkness falls, you are here  
When the darkness falls, you are here  
When the darkness falls, you are here  
Loving God, you are here.
